The number of food parcels we provided last year remains roughly double the number we provided pre-covid, & whilst the number of parcels remained relatively similar to 2022, we saw a huge increase in the December period

There are nearly 200 agencies that refer clients to the food bank, Guildford Borough Council are top referring agency this year submitting 435 referrals

# December Statistics 2023

## Totals of December

- Number of Parcels
- Number of Adults fed
- Number of Children fed

Over the December period we saw a large increase in the number of clients in comparison to 2022. Whilst Christmas is always an expensive time of year, we also believe the higher volume of clients may have been due to the increase in cost of living and the rise in energy prices.

Thanks so much again for all of your support, we couldn't do it all without you!
